Introduction: A Note on the Implications of the Health and Social Care Act 2012

The Health and Social Care Act 2012 transferred the responsibility to develop and update PNAs to Health and wellbeing Boards (HWBBs) from April 2013. Prior to this, Primary Care Trusts (PCTs) held this responsibility as well as the additional responsibility of considering applications from persons wishing to provide pharmaceutical services for inclusion onto a relevant pharmaceutical list.

From April 2013, the specific responsibility for using PNAs as the basis for determining market entry onto a pharmaceutical list transferred from PCTs to NHS England.

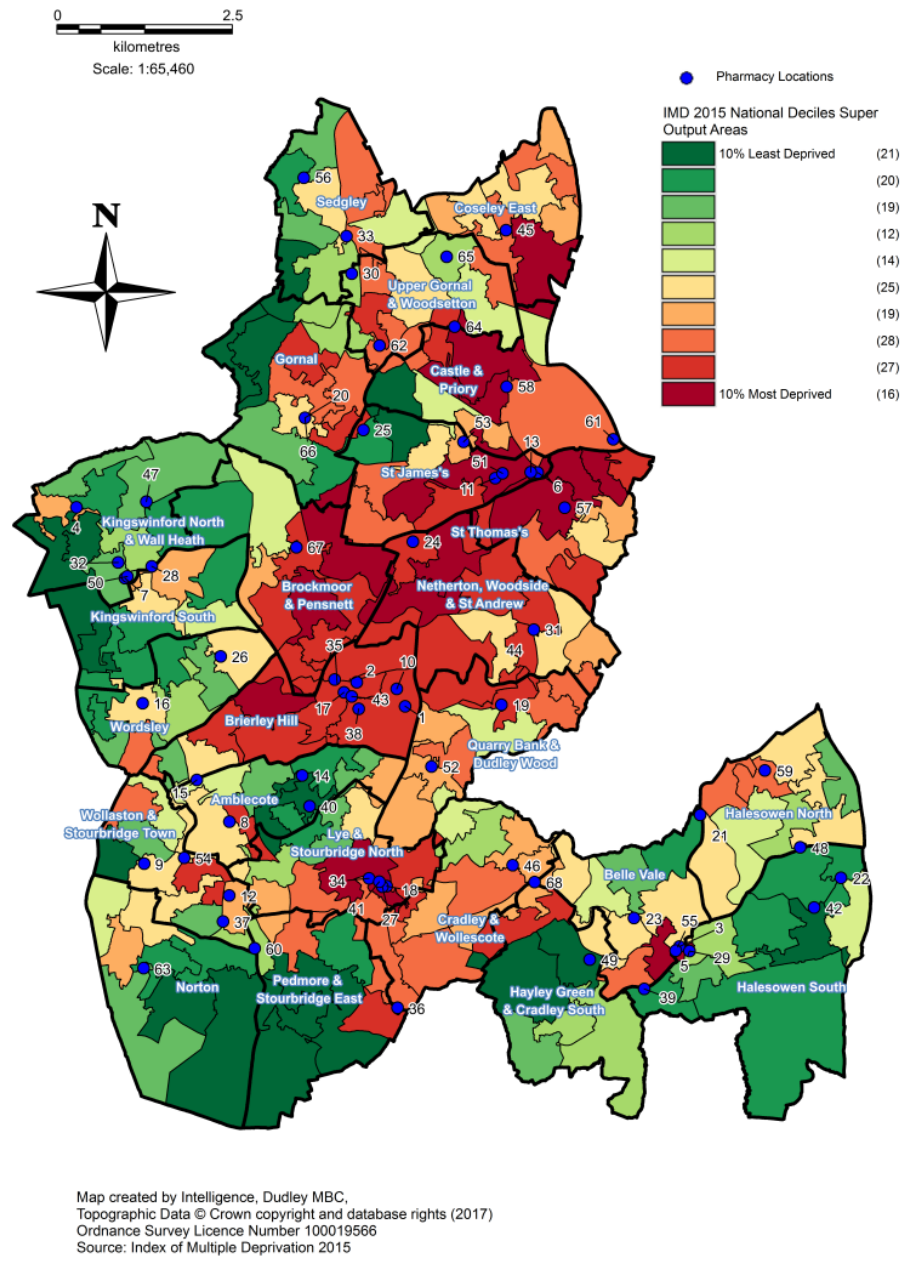

The current regulations (The National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013) make provisions for the conduct of PNAs. Regulation 5 stated that each HWBB must publish a PNA every three years.

Regulation 4(2) requires each HWBB in so far as is practicable, to keep up to date the map which it includes in its PNA pursuant to paragraph 7 of Schedule 1 (without needing to republish the whole of the assessment or publish a supplementary statement). This map identifies the premises at which pharmaceutical services are provided in the area of the HWBB.

The approach being taken is therefore to

- Discuss the changes at the Community Pharmacy Development Steering Group meeting virtually (due to Covid-19).
- Update the map of pharmaceutical services within Dudley to reflect current pharmacy locations.
- Publish a PNA Supplementary Statement in March 2022, detailing these changes.
- Work started on the whole scale revision of the Dudley PNA (due 1st October 2022).
